Central Government, be classified as a Group B post under the Central Government in accordance with the orders issued by that Government from time to time;’.

**Repeal
and
saving.**

3. (1) The Delhi Municipal Corporation (Amendment) Ordinance, 1987 is hereby repealed.

Ord. 1
of 1987.

(2) Notwithstanding such repeal, anything done or any action taken under the principal Act, as amended by the said Ordinance, shall be deemed to have been done or taken under the principal Act, as amended by this Act.

STATEMENT OF OBJECTS AND REASONS

Section 90(8) of the Delhi Municipal Corporation Act, 1957 defines category A post under the Municipal Corporation of Delhi as any post with a minimum monthly salary of not less than Rs. 700 and category B post as any post with a monthly minimum salary of Rs. 550 and which is not a category A post. The Municipal Corporation of Delhi follows the same pay scales as are applicable to the Central Government employees and accordingly, with the revision of pay scales of Group B, C and D employees of the Central Government, on the recommendations of the Fourth Pay Commission, the pay scales for the employees of the Municipal Corporation of Delhi have also been revised. In the new pay structure, the minimum pay for a Government servant starts from Rs. 750 and, therefore, under the existing provisions of section 90(8) of the principal Act all posts in the Municipal Corporation of Delhi become category A posts. Under section 96 of the Act, no appointment to any category A post in the Municipal Corporation of Delhi can be made, except after consultation with the Union Public Service Commission.

2. In the circumstances explained above, the Delhi Municipal Corporation (Amendment) Ordinance, 1987 was promulgated on the 5th February, 1987 to amend section 90(8) of the principal Act, with a view to provide that a category A post and a category B post means any post which, having regard to the scale of pay or emoluments, could be classified as such under the Central Government in accordance with the orders issued by that Government from time to time.

3. The Bill seeks to replace the aforesaid Ordinance.

STATEMENT OF OBJECTS AND REASONS

The jute industry occupies a significant position in the national economy, and more particularly, in the economy of the eastern region of the country. It is agro-based, labour intensive, export-oriented and its raw material input base is entirely indigenous. It provides direct livelihood to nearly four million rural agricultural families and 2.5 lakhs industrial workers.

2. The jute industry has been passing through a severe crisis in recent years, mainly on account of the stiff competition between the jute packaging materials and synthetic substitutes. Government have recognised the importance of jute industry and accordingly, a number of measures have been taken recently for increasing raw jute productivity, for modernising of the jute mills, support for the activities of research and development and product diversification in the industry. In addition to these measures, it has also been considered necessary to afford protection to the industry by specifying through legislation the compulsory use of jute packaging material in commodities declared to be essential commodities under the Essential Commodities Act, 1955 and articles produced in a scheduled industry as defined in the Industries (Development and Regulation) Act, 1951.

3. While the legislation seeks to protect the interests of the persons engaged in raw jute production and jute industry, a balanced view of the recent developments in the national economy has also been taken into account. As such, it is not proposed to make the packing in jute packaging materials compulsory for all commodities or classes of commodities or their entire production. The legislation itself is of an enabling nature under which Government would issue from time to time notified orders specifying certain commodities, class of commodities or the percentage thereof which should use only jute material in packaging for the distribution or supply of the commodities. The Bill also provides that before the issue of such notified order, it would consider the recommendations of a Standing Advisory Committee which would give its opinion on the basis of the guidelines included in the legislation itself. It is felt that these guidelines will take care of the interests of the jute economy on the one hand, and the needs of end-users on the other. In addition to the above, the Bill provides for penalties for contravention of the notified order, power to enter and search and seizure and other necessary provisions.

4. The Bill seeks to achieve the above objects.

NEW DELHI;

RAM NIWAS MIRDHA.

The 10th March, 1987.

FINANCIAL MEMORANDUM

Section 4(1) of the Bill provides for constitution of Standing Advisory Committee consisting of such persons as have in the opinion of the Government the necessary expertise to give advice in the matter of determining the commodity or class of commodities or percentages thereof in respect of which jute packaging materials shall be used in their packing.

2. This Committee will consist of persons drawn from various organisations and there will be expenditure in connection with the meetings of the Committee which may be held two or three times in a year. At this stage it is not possible to give a precise estimate of recurring expenditure connected with the functioning of this Committee. However, taking into account the travel and daily allowance expenditure involved for the members of the Committee who would be attending the meetings of this Committee it is roughly estimated that the annual expenditure on this item may not be more than rupees one lakh only.

3. Besides the above recurring expenditure there will be no other direct recurring/non-recurring expenditure.

MEMORANDUM REGARDING DELEGATED LEGISLATION

Sub-clause (1) of clause 3 of the Bill empowers the Central Government to direct, from time to time, by order published in the Official Gazette, that a specified commodity or class of commodities or such percentage thereof shall, on and from such date as may be specified in the order, be packed in jute packaging material for purposes of supply and distribution. The reservation of such commodity, class of commodities or percentage thereof will be made by the Central Government after considering the recommendations of the Standing Advisory Committee appointed under clause 4 of the Bill which would give its recommendations on the basis of guidelines indicated in sub-clause (2) of clause 4. It has also been provided in sub-clause (2) of clause 3 of the Bill that every order made under sub-clause (1) of clause 3 shall be laid before each House of Parliament and would be subject to modification or annulment by Parliament.

2. Clause 16 of the Bill empowers the Central Government to exempt any person or class of persons supplying or distributing any commodity or class of commodities from the operation of the order made under clause 3 of the Bill if it is satisfied that it is necessary or expedient so to do in public interest. Sub-clause (2) of this clause requires every order made under this clause to be laid before both the Houses of Parliament.

3. Clause 17 of the Bill empowers the Central Government, by notification, to make rules for carrying out the purposes of this Act. The matters with respect to which rules may be made under this provision would relate to matters of procedure or detail.

4. In view of the reasons given above, the delegation of legislative power under the aforesaid provisions is normal in character.

SUDARSHAN AGARWAL,
Secretary-General.
